

WORKING 24/7

As a business owner, did you know that businesses without security systems are more likely to be broken into than those that do? Crime can occur at anytime twenty-four hours a day, seven days a week - 24/7. Recognizing this, you may have considered installing a security system but delayed the purchase thinking a professionally installed system may be expensive.

The facts are security systems are effective in protecting property. And, now is a good time to let Diamond Electronics professionally install a four camera security system for under \$2,500.

Benefits to installing a security system

- Monitors visitors and key entry points to your business
- 24-hour parking lot surveillance
- Establishes a permanent record of those entering your business

Diamond Electronics four camera security system

- Four mini dome cameras, hi-resolution color camera, 4-9mm varifocal lens, weather proof metal housing, impact resistance housing.
- Digital recorder captures data from all four cameras one monitor and all four cameras. All cameras are recorded 24 hours a day, seven days a week
- Digital recorder
- Custom design, installation and training provided by Diamond Electronics
